

Industrial Coating for the Protection of Floor Areas

Belzona® 5231 (SG Laminate) is a two-component liquid applied coating system designed for floor areas where chemical, abrasion, and slip resistance is required.

Belzona® 5231 (SG Laminate) will:

- Protect from chemical attack
- Reduce the potential for accidents
- Extend the life of concrete floors

Belzona® 5231 (SG Laminate) is a high build, solvent free coating suitable for application to a range of rigid substrates including concrete and steel. Slip resistance can be improved by incorporating additional aggregate.

Belzona® 5231

SG Laminate

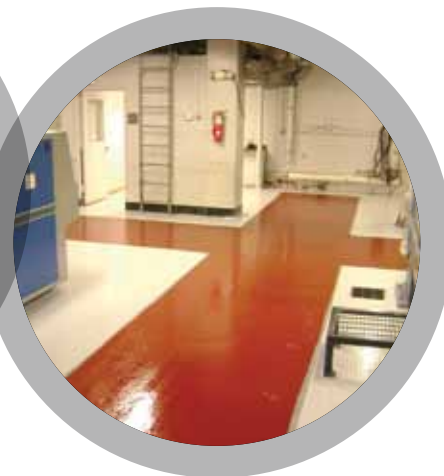

Entrance and Walkways

Workshops

Bridges

Industrial Facilities

Applications for Belzona® 5231 (SG Laminate) include:

- Manufacturing plants
- Workshops
- Industrial utilities
- Storage facilities
- Processing areas
- Leisure and education facilities
- Kitchens
- Bridges

Belzona® 5231 (SG Laminate) is:

Belzona® 5231 SG Laminate

Simple

- Easily mixed and applied
- Simple application with roller
- Fast curing for minimal downtime
- No specialist tools required

Safe

- Solvent free
- Non slip aggregate for reduction of slips
- Environmentally friendly

Versatile

- Adaptable material for different conditions
- Wide range of possible application areas
- Suitable for pedestrian and vehicular traffic
- Available in a range of colors

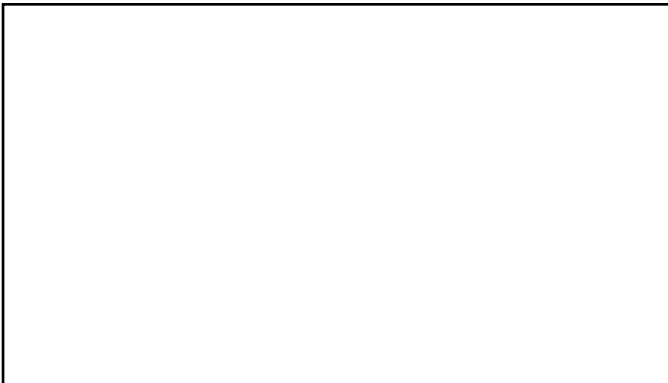

Effective

- Resistant to spillage of a wide range of chemicals
- Seamless monolithic finish
- Outstanding abrasion resistance
- Easily maintained

Storage Facilities
